¹ "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of Listing Rule 4.10.3.

Under Listing Rule 4.7.3, an entity must also lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX. The Appendix 4G serves a dual purpose. It acts as a key designed to assist readers to locate the governance disclosures made by a listed entity under Listing Rule 4.10.3 and under the ASX Corporate Governance Council's recommendations. It also acts as a verification tool for listed entities to confirm that they have met the disclosure requirements of Listing Rule 4.10.3.

The Appendix 4G is not a substitute for, and is not to be confused with, the entity's corporate governance statement. They serve different purposes and an entity must produce each of them separately.

² Tick whichever option is correct and then complete the page number(s) of the annual report, or the URL of the web page, where your corporate governance statement can be found. You can, if you wish, delete the option which is not applicable.

ASX Recommendation		Status	Reference/ Comment
Principle 1 – Lay solid foundations for management and oversight. A listed entity should establish and disclose the respective roles and responsibilities of its board and management and how their performance is monitored and evaluated.			
1.1	A listed entity should disclose: a) The respective roles and responsibilities of its board and management; b) Those matters expressly reserved to the board and those delegated to management.	Compliant	The Board Charter sets out the respective roles and responsibilities of the Board and management and is available on the Company's website. The Board has delegated specific authority to its committees, which assist the Board by considering relevant matters and making recommendations. The committees, including their roles and responsibilities, are described in this Statement and in the relevant committee charters, which are available on the Company's website. The Board delegates authority, within defined parameters and formal delegations, to the Executive Chair and the Chief Executive Officer for the executive management of EML and the daily operations of the Group. The Chief Executive Officer is supported in this role by the Executive Leadership Team (ELT), who report directly to the Chief Executive Officer.
1.2	A listed entity should: a) Undertake appropriate checks before appointing a person or putting forward to security holders a candidate for election as a director; and b) Provide security holders with all material information in its possession relevant to a decision on whether or not to elect or re-elect a director.	Compliant	EML has appropriate procedures in place to ensure that potential candidates for appointment to the Board are thoroughly reviewed with respect to their character, experience, education, skills, interests, and associations. EML conducts thorough background checks to verify the suitability of candidates before their election. The Board reviews the candidates recommended by the Remuneration and Nomination Committee (RNC), and the most suitable candidate is appointed by the Board and proposed for election at the first Annual General Meeting (AGM) following their appointment. When putting forward candidates for election or re-election at a general meeting, the Company provides all material information in the Company's possession relevant to a Director's election or re-election, in the Notice of Meeting (NoM), to enable shareholders to make an informed decision on whether to elect or re-elect the relevant director or candidate.

ASX Recommendation		Status	Reference/ Comment
1.3	A listed entity should have a written agreement with each director and senior executive setting out the terms of their appointment.	Compliant	Each Director and senior executive has entered into a written agreement with the Company setting out the terms of their appointment.

1.5	A listed entity should: - Have and disclose a diversity policy. - Through its board of a committee of the board set measurable objectives for achieving gender diversity in the composition of its board, senior executives and workforce generally; and - Disclose in relation to each reporting period: - The measurable objectives set for that period to achieve gender diversity - The entity's progress towards achieving those objectives; and - either: - The respective proportions of men and women on the board, in senior executive positions and across the whole workforce (including how the entity has defined "senior executive" for these purposes); or - If the entity is a "relevant employer" under the Workplace Gender Equality Act, the entity's most recent "Gender Equality Indicators" as defined in and published under that Act. If the entity was in the S&P / ASX 300 Index at the commencement of the reporting period, the measurable objective for achieving gender diversity in the composition of its board should be to have not less than 30% of its directors of each gender within a specified period. EML is committed to increasing gender diversity within the Company as a whole and strives to create a more diverse workforce. In August 2024, Ms Petrina Coventry was appointed to the Board as an Independent Non-Executive Director, resulting in a 25% increase in female representation on the Board compared to the prior reporting period. The Board's focus remains on substantial business transformation and growth in FY27.
